

TOGETHER WE'RE STRONGER

Scottish Labour

Dear Theresa May,

As the General Election campaign kicks off, I want to send you a message from Edinburgh South.

Edinburgh South voted to stay in the UK and in the EU.

Independence would be incredibly damaging to Edinburgh South.

It would mean £15 billion worth of cuts to public services, unprecedented levels of austerity and the end of the UK welfare state – like UK tax credits and the UK pension.

However, your plans for a hard Brexit poses a huge threat to jobs, the economy and opportunities in Edinburgh South.

The hardcore nationalism of the Tories and the SNP offers no positive future for Edinburgh South.

Only Labour is offering what the majority of Scots want – Scotland in the UK with close ties to Europe.

That's why the people of Edinburgh South will be sending you a message on June 8.

Just as Nicola Sturgeon is wrong to try and use our Remain vote as a proxy for another independence referendum, you would be wrong to use our No vote to get away with a hard Brexit.
